New Woven Wood Liners from Texton

Introducing the new operable woven wood liner made of non-woven polyester and mounted with a separate control, allowing the liner to be independently operated.

Benefits

- *Can be made operable or made as a standard liner.*
- *No more light holes.*
- *No cords ever visible from the outside.*

Options

Privacy Liner:

Diffuses the light and is available in two colors:

White & Ivory

Room Darkening Liner:

Blocks the light and is available in four great colors:

White, Ivory, Beige, & Black

PLEASE NOTE: All liners will remain white from the outside regardless of color chosen.

Available from
