Additional Surcharges: Any custom image (including logos) that are offered for printing on to a shade will, be charged a \$50 (NET Pricing) setup fee.

Printing is also offered for images & logos on any additional screen & room darkening materials offered by Solare at a \$3.50 (NET Pricing) a square foot surcharge.

Please Note:

- Any area shaded in grey, will require a seam.
- All shades are manufactured with the *RollEase Skyline™* Series Operating System.
- If you are providing your own image, please consult the "Solare GT Image Worksheet", at www.Texton.com/SolareGT for image placement, image type required, and further instructions.
- Shipping charges may apply for any shade over 90" in width. Contact Texton for more details.

Important: "Solare Match" is the title given to any shade that is ordered in order to match any color available from a Sherwin Williams paint deck. Shades made with "Solare Match" are manufactured so that the color of the material is orientated towards the inside of the room. The side which is orientated to the outside, will be white.
